

### ***Setting up your event profile***

Navigate to: <https://www.eventscribe.net//2022/VirtualFST2022/login.asp>

Note: The following web browsers are recommended: Edge, Chrome, or Firefox.

Complete the quick registration process:

1. Select the “Sign Up” button in the lower left corner.

2. Set up basic profile (Only name, email, position, and organization are required)
3. Upload Picture (Optional)
4. \* Note: You will gain instant access to the virtual platform upon registration. You will be emailed an access key to use if you log off and come back in.

### ***Tips to maximize your Virtual Experience***

**Note: Participants with VPN on NMCI may need to turn it off and use wifi to view the livestream.**

1. Once signed in each morning, go directly to the livestream for the plenary session. You can access the livestream by clicking the livestream title on the home page. The schedule is on the next page. The livestream session will be available later in the day as a recording if it is missed.
2. After the plenary session ends, make your way to the on-demand Tech Talks. You can access the on-demand Tech Talks by clicking the “Tech Talk” tile on the home page.
3. Once you have found a project that you are interested in, visit the company’s virtual booth and meet the experts through the video or text chats. The booths will be manned each day from the end of the plenary session through 1500.
